OL/PD/954

Attached, please find a summary of Contractor's claimed effences under this Contract.

As you are aware, the Contract does not provide for the use of certain labor categories which the Contractor actually employed. Considering the small amount involved and the fact that this contract is complete, it is recommended that the contract be arrended to include these labor categories.

The corrected Dollar amount reflects the use of those hours expended by

Bill, as long as the contractor doesn't construe this action as setting a precedent for future accounting, and if it is made clear that we're not condoning such contractual sloppmies on their part (no matter how small the funding involved), we agree with your recommendation above.

	rinalization of Labor Rates
	- · · · · · · · · · · · · · · · · · · ·
	Forwarded herewith is a tabulation of labor rates and hours utilized in the performance of this program.
	three labor classifications, at rates previously negotiated. Not included is a small amount of additional effort associated primarily with the preparation and publication of the reports submitted. Inasmuch as this time was expended in the performance of work directly associated with the contract, it is requested that these categories be added to the present list. These rates are based upon the actual hourly rates of the persons doing the work, plus the same rates for overhead, G&A expense and profit as those used for the three categories now included (146%, 13% and 10%, respectively). A breakdown of these additional categories
	is given in the attached tabulation.
	is given in the attached tabulation. The total amount considered directly chargeable under the contract is as follows:
	Is given in the attached tabulation. The total amount considered directly chargeable under the
	The total amount considered directly chargeable under the contract is as follows: Labor Round trip and expenses to Boston Materials
	The total amount considered directly chargeable under the contract is as follows: Labor Round trip and expenses to Boston Materials G&A Expense @ 13%
